

Expansion & Colonization Policy for New Organizations of the Interfraternity Council Kennesaw State University

Philosophy

Kennesaw State University is committed to the development of fair processes, policies, and guidelines for colonization and re-colonization of chapters of inter/national sororities and fraternities. Inter/national social fraternities seeking to establish a colony or re-colonize at Kennesaw State University should read these policies and guidelines thoroughly and adhere to all procedures outlined herein. The institution is committed to providing clear, consistent, and timely communication with all parties interested in establishing a colony on campus.

The Department of Fraternity & Sorority Life will work collaboratively with the member fraternities of the Interfraternity Council and additional university partners to implement the policies and procedures outlined herein.

Inter/national social fraternities that prohibit or discriminate in membership based on race, color, religion, national origin, age, sexual orientation, or disability will not be permitted to colonize. Priority consideration will be given to inter/national social fraternities that effectively demonstrate a commitment to addressing issues of concern, including but not limited to diversity & inclusion, hazing, alcohol/drug use and abuse, mental health, and sexual assault/violence through chapter programming and services.

Purpose

The purpose of the policies and procedures outlined herein is to determine, insofar as possible, that inter/national sororities and fraternities requesting recognition at Kennesaw State University demonstrate promise of becoming successful and positively contributing to the KSU fraternity and sorority community. Kennesaw State University reserves the right to accept, approve, or reject any social fraternity seeking recognition and/or colonization at KSU.
